

2024 Sponsorship Package

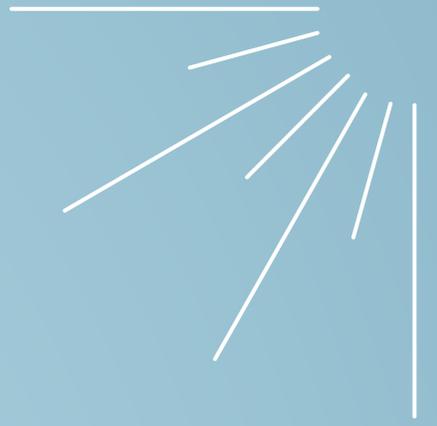

Since its inception in 1993, the V Foundation has allocated over \$353 million in grants for cancer research across the nation, solidifying its position as a leading advocate for cutting-edge cancer research. The V Foundation has been a major player in the successes of cancer research – successes that have given longer lives and improved outcomes for hundreds of thousands of cancer patients.

The Next Generation Committee is focused on raising awareness and funds for cancer research supported by younger generations. To date, the committee has organized two galas, collectively hosting over 1,100 attendees with support from 25 corporate sponsors, small businesses and families who, so generously, assisted in making the events such a great success. Please consider joining the team to Achieve Victory Over Cancer®. You can reach out to victorygala93@gmail.com with any additional questions you may have or visit the website at victorygala.org for further information about this year's event.
